THE STORY OF A GIRL WITH A VIVID IMAGINATION

A new original puppet play from the international award winning theatre company Little Dog Barking. Written by Peter Wilson and performed by Kenny King and Amy Atkins.

Twinkle spends a lot of time on her own. She gets given a new smart phone, but when that breaks down she becomes very bored. Twinkle turns to her favourite toy called Dino and when no one is looking Twinkle talks to Dino about her dreams. Like all young girls, Twinkle runs, jumps and skips, but she always does it by herself with Dino watching her. Twinkle spends a lot of time alone thinking, and oh boy does she have an imagination.

A simple and beautiful story about Twinkle, a small girl who wants to fly, to fly to the moon, to fly to other worlds. A lovely story about imagination, dreams, adventure and friendship.
